

National Homeopathic Product Certification Board

Application Fee Sheet

Date: April 28th, 2023

Overview

This document provides a description of all application fees for the National Homeopathic Product Certification Board (NHPCB). Please let us know if you have any questions by clicking here (applications@certifiedhomeopathic.org). Fees are separate for each application pathway. Fees for pathways that are in development are colored in red.

Brand Owner Registration and Manufacturer Registration

There are separate application fees for Brand Owner Registration and Manufacturer Registration. These fees are either annual or can be paid monthly. Renewal is annual.

Application Fees for Product Certification

Brand Owners *may* choose the first one or two product applications to submit to the NHPCB. If the Brand Owner has additional products which they wish to submit, they will only be required to submit 10% of their remaining products (for smaller companies) and 5% of their remaining products (for larger companies). They also may choose to submit their Pathway #1 or Pathway #2 product lines up front (10% or 5%).

The choice of which products to submit is determined by the NHPCB, using a risk based approach. Product Application Fees are determined by the number of products submitted.

Processing Fees

Fees can be paid through our secure portal for fee payment.

Application Refunds

Application fees are fully refundable prior to the application submission. Once the application has been submitted, the application fee is 75% refundable until the initial Completeness Review is performed. The application fee is non-refundable once the Completeness Review is performed.

Fee Changes

Note that all fees are subject to change as our processes change and the time needed to review an application is modified.
